

Patients Block Party/Carnival

The Annual Block Party takes place in the area between the Nursing Home Units on the north side of the West Los Angeles campus, and is intended to give our nursing home patients the experience of a good old-fashioned summer fair and festival. Activities usually include: Barbeque/lunch selections (with the significant support of Nutrition and Food Service), Veterans Service Organizations sponsoring booths with food, entertainment and gift items, displays of antique or significant automobiles, music and visiting celebrities. Service organizations are encouraged to participate to help make the long summer more enjoyable for our hospitalized veterans.

Please contact Carrie Brandline (310)268-4350 for further information on these activities.
